Opportunity is knocking - here's your answer

Congratulations! You can now join your group retirement and savings plan. MARVELL SEMICONDUCTOR CANADA INC. set up this group plan to help you get ready for your future. It's a great addition to your benefits package and opens the door to reaching your financial goals.

When it comes to planning and saving for your future, the earlier you start, the easier it can be. Think of this guide as your helpful friend, here to help you make decisions that are in line with your needs today – and tomorrow.

Let's get started! Follow the steps on the inside cover of this guide. This is your future. Go make it happen.

Want to dive
right in?

If you're ready to join your group plan now, follow the steps on the inside cover of this guide to get started. That's it!

What's in it for you? (A lot.)

You're busy living life and working hard for your money, so what can your money do for you? You can find out – and get the benefits both now and later by joining your group plan.

Pay yourself first. Payroll contributions are automatically invested in your group plan. It's easy because you don't have to do anything!

Tax benefits. Like immediate tax refunds? Contributions to your RRSP and DPSP can be deposited into your group plan before income tax is calculated, so you pay less upfront tax. This means more money for you.

'Free money' from MARVELL SEMICONDUCTOR CANADA INC. Every time you make a contribution, so does MARVELL SEMICONDUCTOR CANADA INC. Not taking advantage of this perk is like having a cheque you don't bother cashing. Really.

Combine your savings. Low fees and the beauty of compounding (when the money your investments earn gets reinvested to grow even more!) shouldn't be limited to money in your group plan. Transfer your other savings to your group plan so they can benefit, too! It's easier to keep an eye on your financial goals when everything is in one place.

You can join these plans. To learn more about these plans, go to smartpathnow.com.

- **Registered retirement savings plan (RRSP):** A way for you to save money for retirement with some great tax benefits.
- **Deferred profit sharing plan (DPSP):** MARVELL SEMICONDUCTOR CANADA INC. can reward you when profits reach specific targets. You don't contribute to this plan, only MARVELL SEMICONDUCTOR CANADA INC. does.
